Hi Leron,

Due to the Oscars, the team had to wait a couple weeks to fully access the boulevard. I had them scheduled for a check up last night, post-Oscars chaos and they came out to check and fix the entire blvd. Along with fixing all the lights in the palm trees, they raised the string lights in the palms so as not to be ripped down. Apparently, it's common for people to rip down the lights to use the outlet to charge their phone. Crazy! Anyway, I have been assured that the lights have all been restored. I have been keeping a watchful eye and will continue to do so!

Thank you and I'll see you this afternoon.

Subject: palm tree lights

Hi Rich,

How is it going? Hey, thought I would check in to see if you have been able to get the lights in the palm trees repaired yet? Just a refresher that the Chamber paid to have the lights installed for the holidays and the palm tree lights were to be kept up all year. The BID agreed to maintain the lights and set aside \$20K to do so for the rest of this year. I noticed a couple of weeks ago that there were entire tree lights out near H&H and also partial ones out. I think all of the lights need to be examined. Can you give me an update? Our board of directors will be asking me for a report.

Best,
Leron
